

# THE CHRISTMAS TREE PROJECT 2022

SHOW TYRONE YOUR CHRISTMAS SPIRIT!

Anyone can decorate a tree, including individuals, families, organizations, schools, churches and businesses. You may also decorate a tree in honor/memory of an individual.

Decorate your tree to reflect your interests, your business or a classic holiday theme.

A tree will be provided for you. You must, however, remit your application and fee before you receive. Trees are typically 6-7 feet.

Trees will go up the week of Thanksgiving and will be removed the first of January.

You may decorate your tree after noon on Monday 20th-Tuesday 22nd.

All trees should have lights. (Only LED lights are permitted. A maximum of 500 lights are allowed.) Suggestion, keep lights burning by covering the exposed plug ends with black electrical tape.

All decorations and lights must be secured with floral wire, pipe cleaners, etc....to keep them from blowing away!

A sign will be placed in front of your tree with your sponsor information.

Please check your lights before placing them on your tree to ensure they are burning. If for some reason your lights stop working, we will notify your contact person to come and check your lights.

Each tree should have a WEATHERPROOF TREE SKIRT, which can be secured. Oil cloth or plastic tablecloths work well and can be secured with floral pins.

WEATHERPROOF handcrafted or bought ornaments are acceptable. BE CAUTIOUS. Ornaments have a small hole on top. Please use hot glue to fill the holes. Water will seep into the holes and break your ornaments.

Use lights that continue to burn when others burn out. No icicles or bread dough ornaments. Bad for our feathered friends.

We will not be responsible for lost, stolen or damaged property. Please have all decorations removed from your tree by noon January 6th.

To secure a tree, complete the Entry Form and submit with your \$100 check or money order to:

**Tyrone Recreation 145 Commerce Dr. Tyrone 30290**
